12                 v.

13 MOTOROLA, INC., et al.,

14                 Defendants.

15           MOTOROLA MOBILITY, INC., et  
16           al.,

17                 Plaintiffs,

18                 v.

19           MICROSOFT CORPORATION,

20                 Defendant.

CASE NO. C10-1823JLR

MINUTE ORDER

21           The following minute order is made by the direction of the court, the Honorable  
22 James L. Robart:

1 On February 12, 2013, the parties contacted the court regarding Motorola's  
2 request to reopen the record of the November 13-19, 2012 trial to submit additional  
3 evidence. It is the court's understanding that although Microsoft opposes reopening the  
4 trial record, in the event Motorola is permitted to submit additional evidence, Microsoft  
5 would like to submit additional evidence of its own. Because the court desires to issue its  
6 ruling with the most complete record possible, the court GRANTS Motorola's request to  
7 reopen the record to submit additional evidence. Microsoft may also submit contextual  
8 evidence in response to Motorola's newly submitted evidence. The submissions of both  
9 parties shall be limited to the evidence discussed during the parties' phone call with the  
10 court on February 12, 2013. Along with any additional evidence, both parties may  
11 submit two-page letter briefs providing the court with an explanation of the submitted  
12 evidence. Any submissions shall be filed no later than February 22, 2013.

13 Filed and entered this 14th day of February, 2013.
